Medical.

Hoofland's German Bitters,
AND
HOOFLAND'S GERMAN TONIC.
The Great Remedies for all Diseases of the
LIVER, STOMACH, OR DIGESTIVE ORGANS.

Hoofland's German Bitters
Is composed of the pure juices (or, as they are medicinally termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixture of any kind.*

HOOFLAND'S GERMAN TONIC
Is a combination of all the ingredients of the Bitters with the purest quality of *Santa Cruz* Rum, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.
Those preferring a Medicine free from Alcoholic admixture, will use
HOOFLAND'S GERMAN BITTERS.
Those who have no objection to the combination of the Bitters, as stated, will use
HOOFLAND'S GERMAN TONIC.
They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.
The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as closely as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:
Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits.
The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skilfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—
HOOFLAND'S GERMAN BITTERS,
AND
HOOFLAND'S GERMAN TONIC.
PREPARED BY *Dr. C. M. JACKSON,*
PHILADELPHIA, PA.
Twenty-two years since that were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited more suffering humanity to a greater extent, than any other remedies known to the public.
These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.
DEBILITY,
Resulting from any Cause whatever;
PROSTRATION OF THE SYSTEM,
induced by Severe Labor, Hardships, Exposure, Fevers, etc.
There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is restored, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a healthy bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.
PERSONS ADVANCED IN LIFE,
And feeling the hand of time weighing heavily upon them, will in all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instil new life into their veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.
NOTICE.
It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.
To this class of persons the BITTERS, or the TONIC, is especially recommended.
WEAK AND DELICATE CHILDREN
Are made strong by the use of either of these remedies They will cure every case of MARASMUS, without fail. Thousands of certificates have been accumulated in the hands of the proprietor, but space will allow of the publication of but a few. Those, it will be observed, are men of note and of such standing that they must be believed.

FROM REV. JOSEPH H. KENNARD, D. D.,
Pastor of the Tenth Baptist Church, Philadelphia.
Dr. Jackson—Dear Sir:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.
Yours, very respectfully,
J. H. KENNARD,

THE BEAUTIFUL.

BY JOHN G. SAXE.

All things of beauty are not their's alone
Who hold the fee; but unto him no less
Who can enjoy, than unto them who own,
Are sweetest uses given to possess.
For Heaven is bountiful; and suffers none
To make monopoly of aught that's fair;
The breath of violets is not for one,
Nor love's liveries of women; all may share
Who can discern; and He who gave the law,
"Thou shalt not covet!" gave the subtle power
By which, unsinning, I may freely draw
Beauty and fragrance from each perfect flower
That still in maiden pride adorns the lea,
Or in my neighbor's garden blooms for me!

HONESTY THE BEST POLICY.

A SHORT STORY OF A CLERK.

A young man by the name of Ames, a clerk for a merchant in New York, was entrusted with a large amount to collect, which he performed honestly, so well as his employer could discover; but Smith, that was the merchant's name—was a very cautious man, and often laid "traps" to catch his clerks in defrauding him, if any of them were not proof against dishonesty. In this way he ascertained which of them could be trusted, and when he found one of them dishonest he would discharge him.

Mr. Smith kept a wholesale and retail dry-goods store, doing an immense business, and after he had accomplished a fortune, and he had begun to think of retiring from business, he said, "

JUDGE KIMMELL.

We had room last week only to announce the nomination of Judge KIMMELL as the Copperhead candidate for Congress.

We confess our gratification, for Judge KIMMELL is the weakest of all the persons named; will be the most easily defeated; and deserves, probably, a more overwhelming defeat than any of them. We supposed the Copperhead politicians in the district had some sagacity. This nomination proves that, like their friends in the New York Convention, the Copperhead leaders here are blind and deaf and dumb, just ready for the overthrow which awaits them.

Judge KIMMELL is a man of malignant politics—of extreme opinions—of the greatest intolerance—and of the most unblushing devotion to the vilest principles. In a speech in Gettysburg made the night before the election in 1865, he substantially justified LINCOLN'S assassination by denouncing LINCOLN as a tyrant and asserting that Tyrants always merited, and generally met the violent death their deeds invited. This declaration is a type of the man.

While personally clever, there is no more vindictive, unreasonable, and intolerable partizan in the district. He will bring no strength to the ticket, will run behind his party vote in Somerset, will be "cut" in Franklin, and will be overwhelmingly defeated by the gallant and powerful champion whom the Republicans have chosen.

The XVIth District *must* be preserved to the Republican principle, of which Mr. CESSNA is a faithful and worthy representative.

ORGANIZE, and make our Victory thorough and complete!

NOMINATION OF MR. CESSNA.

The Republican Congressional Conference met at McIlvaine's on Wednesday last, and unanimously nominated Hon. JOHN CESSNA, of Bedford. Col. F. B. PICKING, Dr. ROBT. HORNER and PETER SHIVELY were the Conferees from this county. The Conference was entirely harmonious, and the nomination will be handsomely satisfied by the people.

PEACE OR WAR—THE OPINION OF A LIFE-LONG UNION MAN.

Judge GEORGE W. PASCHAL of Texas, an original Union man of 1861, who stood by old SAM. HOUSTON, of glorious memory, in trying to prevent the secession of Texas in 1861, has recently written a letter in which he reviews the condition of things in that State, and winds up with this clear statement of the situation:

"Voters of the United States, you have a single problem before you: *Elect Grant and secure peace; elect Seymour and civil War* is inevitable."

He gives reasons for his opinion.—The Rebels publicly declare there that if Seymour be elected, they will disregard everything which has been done which JOHNSON has said was unconstitutional. They will disregard the Civil Rights bill, the Reconstruction Acts, the Test oath law, the Tenure-of-office law, and XIVth constitutional Amendment. They will disregard the existing State organizations, call new Conventions to be elected by the Rebels only, and, being then backed by the Administration and its bayonets, will overthrow, drive out, and expel the whole tribe of white Republicans, *that there may be no more trouble with them.*

Judge PASCHAL says the Republicans of Texas will resist force with enough force to prevent the revolutionary movement. But when force meets force, THERE IS CIVIL WAR, and no one can tell how far it will spread.

This is the Rebel programme in all the Rebel States. Nothing will prevent Civil War but GRANT'S election. He has promised to give the country PEACE, and will do it.

THE murder of Union men continues all over the South. Early in August, State Senator BARBER of Arkansas was shot through a window of his house with buck shot, three taking effect in the head and one in the arm; and State Senator WHEELER of White county was shot at five or six times and much injured.

Respecting the latter, a correspondent of the St. Louis *Democrat* says:

"The circumstances attending the attack on Senator Wheeler leave no room to doubt that it was premeditated and assented to beforehand by a large number of influential rebels, in accordance with a settled policy to murder all Union men or drive them from the country."

An interesting letter from Memphis, Tennessee, on the outside of to-day's paper is worthy of perusal in this connexion.

The Rebels are anxious to get rid of the leading *white* Republicans, in the hope that they can then manage the *colored* vote for the Copperhead ticket. They drive out all the white Republicans who can be driven, and fry to kill the rest.

This is the result of FRANK BLAIR'S teaching, and a direct result of the encouragement given by the New York Convention to the Rebels of the South.

Elect their candidate, SEYMOUR, and anarchy will come again. No man can foresee all the direful results which will follow the letting loose the hell-hounds of the Rebellion.

THE Philadelphia *Lutheran* of August 27 has a lengthy editorial, complimentary to our town, its people, its social characteristics, and its surroundings, but sharply assailing the authorities of Pennsylvania College, and especially the Board of Trustees, who are described as "narrow, scheming, blind, partial and unfriendly," whose efforts "seem to be employed only in the craft, the scheming, the selfishness, that espouses the cause of a narrow faction," &c., by reason of all which terrible things are prognosticated as to the future of the College. The whole trouble lies in the fact that the Trustees of the College differ widely from the aimable editor of the *Lutheran* as to the legislation best adapted to promote the interests of the Institution, while he has yet to learn the simple truth that there is a possibility of them being right and him wrong. Philadelphia is a famous city, but it is very evident that some of its good people have not yet attained that degree of perfection which entitles them to arrogate absolute infallibility of judgment or exclusive conscientiousness. As to the future of the College, it may relieve the *Lutheran* to be assured that at no period in its history have its prospects been brighter or more assuring than just now.

THE Copperhead papers are telling wonderful stories about the amount of stationery consumed by Members of Congress. Their figures are about three times above the truth.

But whether Members consume much or little, it is comforting to know that *they pay for every thing they get*, and Uncle Sam loses nothing by this extravagance, if they be extravagant.

We have heard of persons who were Members thirty years ago, bringing home with them as much stationery as has met all their wants *from that date to this!* But that was in the halcyon days of Democracy, when "grabbing all you can get" was the fashion.

Not only do Representatives pay for what Stationery they get, but a law passed last session requiring that the Senators should do the same. Under the Democratic legislation of the past, Senators *never accounted for what Stationery they drew.* This privilege was abused, and the House insisted upon a reform which has been made.—Thus, one by one, Democratic abuses are being corrected by Republican legislation.

IT IS complained that the expenses of Congress have been larger the last two years, than the previous two.

This matter is easily explained.—Since JOHNSON and the Rebels conspired to capture the Government, Congress has been compelled to sit almost constantly; many expenses were incurred, as a result, which otherwise would not have been. This fact is in itself an argument in favor of GRANT'S election; for, with a Republican President and a Republican Congress, accord between these two branches will be established and the country will, at last, have Peace. *Then*, the Army can be reduced, taxation can be lessened, and the Nation will soon resume its wonted prosperity.

There is no prospect whatever of electing a Copperhead Congress; and with SEYMOUR as President, there should be a repetition of the controversy which has existed between JOHNSON and Congress. Meanwhile, the country would bleed at every pore.

THE Copperhead press have been making a fuss about a contract for supplying the State with printing paper, which they allege Gen. HARTRANFT had approved, and which they alleged was disadvantageous to the State.

The truth is, the contract was not approved, but was *disapproved*, by Gen. HARTRANFT, so that their indignation proves to have been mis-spent.

HAVE you heard from VERMONT?

MURDER THE ORDER OF THE DAY.

Gov. BROWNLOW recently called the Tennessee Legislature together, and an investigation has been made of the violence prevailing in that State.

More than 250 persons have within the last three weeks sworn before a Committee of the Legislature, that they and other Republicans—white and black—have been subjected to the most shameful outrages; that they have been whipped, and their neighbors outraged, and in some cases murdered; that some of them have had their feet roasted at fires to make them reveal the hiding places of other Unionists; *that women have been whipped on suspicion of having told who Ku-Klux were, and others murdered for not revealing the hiding places of their husbands;* that in portions of West and Middle Tennessee there has been no safety for Republicans, and that since the New York Convention there has been a great increase of bitterness against Southern loyalists and an increased confidence of ex-rebels that they would yet attain all the objects sought by rebellion and secession.

A bill will be passed, giving the Governor power to call out the militia in any county in which they may be needed.

We have also a rumor from Arkansas, given in a telegram of Sunday last, that a rebellion has broken out in Conway, Perry and Columbia Counties, Ark. and that the Courts have been closed by armed men. It is also stated that fighting had taken place between the rebels and Union men, and that the latter had been worsted. An engagement is said to have occurred at Lewisburg on Sunday last, and that Gov. CLAYTON had gone there with a small force to suppress the disturbance.

Dr. A. M. JOHNSON, a member of the Arkansas Legislature, was shot and killed at Osceola, Ark., on the 26th ult., while going from his house to the river bank for the purpose of hailing a boat to take his family North. His remains, accompanied by his family, have been taken to Peoria, Ill., where the Doctor formely lived.

FRANK BLAIR-ism is bearing bloody fruits, and very soon. If this be done in the green tree, what will be done in the dry?

POSTPONED FOR THE PRESENT.

The Rebel leaders have so far stimulated the vindictive passions of their followers that it is found difficult to restrain them within the bounds of prudence.

Since Northern Democrats have sent word down South, begging them not to talk so strongly of their revolutionary purposes, they are trying to "haul in their horns." This is the way in which FORREST recently "put it" in Tennessee:

"It is not our policy to get into another civil war, or a war of any kind, *at the present time, as it would be used against us, and weaken our cause in the north*, and I have advised every confederate soldier whom I have met lately to do all in his power to prevent war of any kind taking place in Tennessee."

Hampton said the same thing as he went through Baltimore. Said he, "bloodshed *now* in the South would hurt the Democracy in the Northern elections."

But wait till after November! The carnival of blood will then begin, if the people so will it by electing SEYMOUR and BLAIR.

FINE DEMOCRATIC TALK.

HOWELL COBB says that GRANT'S friends in the South should be *driven from the pale of social and political society.* He calls upon his late fellow Rebels in arms to snatch the old Rebel banner from the dust, "give it again to the breeze, and, if needs be, to the *God of battles*, and strike one more honest blow for constitutional liberty." [Cobb said afterwards that he considers this peaceful talk!]

WADE HAMPTON says if Seymour be elected in November, "*there would be more rapid traveling of carpet-baggers from the South than was ever before known in the history of this country.*" Such words betray the blood-thirstiness of the speakers, and of the class for whom they spoke; and should put the people on their guard—unless, indeed, they haven't yet seen enough of War and bloodshed.

WE have before us an article from the Chicago *Times* (Cop.) of 26th ult., in which, referring to GRANT being a tanner, it says that his intellectual capacity fits him for no higher avocation than that of "boss of a stink factory," that all his victories in the field were the results of accident, and that his promotion was due solely to the efforts of politicians. Such disgusting falsehoods, together with the usual comic-almanac parody on Gen. GRANT'S name, constitute the body of the article.

"Brick" Pomeroy calls GRANT a molasses thief, a cotton thief, a spoon thief, and a fool!

Fortunately, the appeal is to the ballots of an honest, generous, and grateful people—who will never sanction such unscrupulous black-guardism as defiles too many of the Democratic papers.

THE Copperhead Senatorial Convention gave DUNCAN the plum, and McDIVITT *soft-sawder!* We think our friend Joseph's frame is too robust to thrive on such diet. The claims of Adams county were ignored, in order that Franklin might carry off all the *honors*—and that, too, without having the power to give a Copperhead majority.

On the whole, it looks as if the Franklin Democrats had bamboozled, and badly cheated, the rest of the counties. For, it, *a minority county*, furnishes all the district candidates!

But it's not our funeral; and we shan't weep.

JOHN MERRYMAN, bridge-burner of 1861, is figuring in Rebel-Copperhead politics in Baltimore county. Col. MAULSBY is apt to lose the Copperhead nomination in the Third District of Maryland, chiefly because all of his three competitors were active sympathizers with the South during the War, while he was in the Union Army.

GOV. BAKER and Senator HENDRICKS, the Republican and Democratic candidates for Governor of Indiana, have made arrangements for a series of joint discussions, speaking in every Congressional district. GOV. BAKER was formerly a resident of Gettysburg, is one of the most effective stumpers in the West, and will be elected by a heavy majority.

THE Franklin county Democrats have "gobbled up" all the valuable district nominations this year—Congress, Senator, and Judge. There'll be a large lot of sore heads over there, after the election.

THE birth-place of THADDEUS STEVENS has spoken.

DID any thing "*drap*?"

THE DEMOCRATIC POLICY OF "EMIVERSAL TAXATION" EXPOSED.

ITS EFFCTS UPON THE FARMING INTEREST.

LET THE PUBLIC READ AND JUDGE.

We extract the subjoined article from the Chicago *Tribune*. Its facts and figures apply as well in Pennsylvania as in Illinois, except that in Pennsylvania there is no State tax on real estate. Read and hand to your neighbor:

PLOWHOLDERS AND BONDHOLDERS.

Mr. George H. Pendleton takes every possible occasion to insist that Seymour and Blair and the Democratic party are pledged to abolish the National Banks, and also to execute rigidly the demand of the Democratic platform for "Equal taxation of every species of property according to its real value, including government bonds and securities." There can be no mistaking the plain and obvious meaning of this demand. "Equal taxation of every species of property" is specific enough, without adding "including government bonds and other securities." Our readers, and especially those whose means are invested in farming lands, will remember that the plea is that holders of national bonds pay no taxes, while the farmers do; and consequently there must be "equal taxation of every species of property." Let us compare the taxes paid by the bondholders and plowholders in Illinois, and the comparison will hold equally true for elsewhere.

Twenty citizens of Chicago uniting their capital purchase $500,000 of national bonds, and start a National Bank with that amount of capital. They invest $50,000 in real estate, and do business with the rest. Twenty farmers residing in the adjoining counties, each own 250 acres of land, which, with the fences, improvements, machinery, orchards, graperies, stock, and all appurtenances, will average $100 per acre, or $500,000 in the aggregate. Each class of persons hold the same amount of capital invested; each tries to make it as productive as possible; and we invite the attention of farmers, or, as Brick Pomeroy calls them the plowholders, to the direct effect of establishing "equal taxation of every species of property."

At present the annual tax bills thus compare:

	Dr.
Twenty Plowholders to taxation	
To State and county tax on $500,000 worth of real and personal property at 75c per $100...$	3,750
Five per cent tax on $50,000 income.....	1,500
Special town assessments.....	1,000
Total tax of the plowholders.....	$ 6,500
Twenty Bondholders to taxation on $500,000 invested in National Bank.....	Dr.
On average circulation ($400,000), at 1 per cent.....	$ 4,000
On average deposits of $1,500,000, at ½ per cent	7,500
On profits, say $60,000, at 5 per cent.....	3,000
On capital stock, as license, $2 per $1,000.....	1,000
On real estate, $50,000—	
State and county tax.....	375
City tax.....	650
Personal property, State and county, on $450,000.....	3,375
Personal property, city, on $450,000..... or	6,000
Total tax of the bondholders.....	$25,900

Now, the Democratic Platform, in demanding "equal taxation upon every species of property, according to its real value, including government bonds," does not propose to reduce the present tax upon the banks and the bondholders, but it proposes to make "the taxes equal upon every species of property," and $500,000 worth of real and personal property held by the bondholders shall pay the same tax and no more, that is paid by the plowholders; and the plowholders shall pay the same tax, and no more, that is paid on the same amount of property "of every species," by the bondholder. This measure will vastly increase the revenue. Where an aggregate tax of $31,400 is now collected from the two classes of tax-payers, the Democratic party by its equalizing process will increase the tax to $51,300, and this by adding to the tax on the twenty farms and their products and earnings, the sum of $20,400. At present the tax is 75 cents per acre; under the Democratic rule of equal taxation the tax will be $5.08 per acre, per annum.

This is the Democratic plan of "equal taxation of every species of property at its real valuation." The bondholder to pay the same as the plowholder, and the plowholder to pay the same as the bondholder.

The great delusion which these people labor under is, that the holders of national bonds pay no taxes, and that the National Banks are blessed with an exemption of the same kind. The average amount of taxation upon these banks, which we have given, falls below the reality. The capital invested in National Banks—and that capital is all in real estate or national bonds—pays an annual tax, State, national and local, of not less than six per cent. upon its full valuation.

We submit to the farmers of Illinois the question how long they could continue to farm if the Democratic demand that "every species of property be taxed equally according to its value were carried out?—How long can they pay an annual tax of six per cent. upon the cash valuation of their farms and implements, their grain, hay, sheep, horses, cattle, swine, chickens, turkeys, and geese?

WHILE the Rebel leaders in the South are moving heaven and earth to secure the negro vote for SEYMOUR and BLAIR, their Copperhead allies in the North, are just as busy exciting popular prejudice against the negro. A favorite game with the latter is to parade column upon column of alleged outrages by the colored people of the South, generally manufactured out of the whole cloth. We scarcely ever open a Copperhead paper that does not teem with paragraphs of this class. Here is a sample:

NEGRO HUNG.—Last week a negro entered the room of a young lady in Columbus, Ky., and attempted a violation, but was prevented from doing so, her cries bringing to her assistance some of the family. He was arrested and placed in jail. In a few hours after a mob appeared at the jail, took the negro out by force and hung him.—*Paducah Herald.*

This paragraph has been going the rounds of the Northern Copperhead press as a *morceau*. It is a pity to spoil the story, but we happen to have before us a copy of the Columbus (Ky.) *Dispatch* of July 30, an intense Rebel sheet, and flying at its masthead the names of SEYMOUR and BLAIR, which copies the paragraph and adds—

"The strangest part of the above occurrence is, that it was never heard of in Columbus until published in the Paducah *Herald*. No policeman, or reporter of the press, nor any citizen of this place ever dreamed that such an occurrence had taken place in their midst until enlightened by the Paducah paper."

The *Dispatch* either isn't booked up as to the tactics of its Northern allies, or, Rebel journal though it be, can't get down to the depths of infamy in which the latter revel.

COLORED COPPERHEADS!

We find this telegram, in the City papers of Monday last:

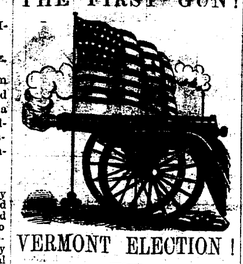
NEW ORLEANS, August 29.—A Democratic torch-light procession is in progress to-night. *A large number of negro clubs are in the line.*

While the Copperheads of Gettysburg were holding a Club meeting last Saturday night, as we understand they did, the New Orleans Copperheads were having a grand torch-light procession. Both were in the interest of SEYMOUR and BLAIR, of Revolution, Aristocracy, and Universal Taxation. Horrible to relate, however, there were *Colored Clubs in the line, in New Orleans!*—Will the Adams County Democrats consent to belong to the same party?—One would suppose not, if we did not reflect that Copperheads consider everybody fit to vote, who votes their ticket, and nobody fit who doesn't.—That key solves the whole mystery.

CITIZENS OF THE BORDER! You have not yet recovered from the recent ravages of War. You have received no compensation for damages already incurred. Do you wish to invite another War, with a probable repetition of your anxieties, losses, and sufferings? Then, vote for SEYMOUR and BLAIR, whose Southern friends notify you that they will, *in that event*, inaugurate another War, in order to get rid of the existing State Governments in the South, and upset all that has been done in Reconstruction.

THE "Green Mountain" State is true as ever.

THE FIRST GUN!



VERMONT ELECTION!

SEYMOUR, BLAIR AND REVOLUTION REPUDIATED!

THE PEOPLE DECLARE FOR GRANT, COLFAX AND PEACE!

30,000 MAJORITY!

The telegraph brings us glorious news of the Vermont election on Tuesday.—The Republicans make a clean sweep, electing all three of the Congressmen, every member of the State Senate, nearly every member of the House, and giving the State ticket from 28,000 to 30,000 majority! In 1866 the Republican majority was 22,225, and in 1867 20,184—showing a gain of nearly TEN THOUSAND! AND THE VOTE IS THE HEAVIEST POLLED SINCE 1860! At the September election in 1864, the Republican majority was but 19,000, which in November following was increased to 29,000. A like increase next November will put up the figures to something like 40,000!!

This election has peculiar significance. Being the first held in the North since the Chicago and New York nominations, it is the first response of the people to the Revolutionary programme of the Rebel-Copperhead coalition, and a glorious response it is. The people WANT PEACE and are determined to have it. This Vermont election is only the beginning of the end.—PRESS ON THE COLUMN!

REPUBLICAN TRIUMPH.

Mayor of Wilmington Re-elected by an Increased Majority.

WILMINGTON, Sept. 1.—An election for municipal officers took place to-day. The contest was very warm. The vote is largely increased. VALENTINE, the present incumbent, (Republican,) was elected Mayor by a majority one hundred and thirty greater than last year.

PERSONAL ITEMS.

HON. A. K. MCCLURE is Solicitor of the East India Telegraph Company, of which ex-Gov. CURTIN is President.

HON. FRANCIS GRANGER of New York, is dead. He was Post Master General in Harrison's Cabinet.

URIAH H. MYERS, of the firm of Singerly & Myers, State Printers, died recently in Harrisburg.

REV. G. F. Schaeffer, Pastor of the Bloomfield Lutheran church, intends to remove to Newport, the congregations having been divided.

GENERAL LEE says it is the unanimous wish of the Southern people that we shall have lasting peace. Why then do they advocate the election of Seymour and Blair, both of whom favor a new rebellion?

PROF. S. S. Jack, formerly Superintendent of Common Schools in Westmoreland County, has been elected Professor of English Language and Literature in Keystone Normal School of Kulztown, Berks county, and has removed there to enter upon his duties. Mr. Jack is a grand-son of Samuel Sloan, formely of this county.

SENATOR SUMNER, in a letter regretting his inability to attend a political meeting in Virginia, says: "It was a Virginian who wrote the Declaration of Independence. I rejoice to believe that the State of Jefferson will recognize at last his principles. To do this, it must begin by renouncing the rebel party, which is the true name for our modern Democracy."

MR. DAVID SHULER, of Blain, from whom a large amount of Government Bonds were stolen a few years since, died suddenly on Wednesday last.—There is now residing with her son in the borough of Columbia, a lady, Mrs. Duck, widow of Isaac Duck, dec'd., who is almost a centenarian, she having attained the age of 99 years, lacking but about a month, and has her faculties still in tolerable good condition. There is also an esteemed lady in the same place, Mrs. V., who if she cannot boast of so many years as the above, being not much beyond 44 years of age, far out-numbers Mrs. D. in progeny, she having during her connubial state given birth to 23 children, to one husband. A friend, lately residing in Spotsylvania county, Virginia, informs us that a middle-aged lady, named Willis, living neighbor to them, has had 21 children, and all living. We some time since gave an account of a Mrs. Lehman, of Hellam township, this county, who, at the age of 36 years, had given birth to 18 children, to one husband.—*Wrightsville Star.*

MR. SEYMOUR THREATENED.

Mr. Toombs, of Georgia, says: "The grinning skeletons that have been set up in our midst as legislators shall be ousted by Frank Blair, whom our party has expressly appointed for that purpose."

What does this mean? Mr. Blair says, indeed, that it will be the duty of a democratic President to "disperse the carpet-bag government"; but Mr. Seymour says that such a President can do nothing against a Republican Senate. Do Mr. Toombs and his allies propose to set Mr. Seymour aside, and put in Mr. Blair as President?

It seems so. Governor Wise declares that he supports Blair "because he promises revolution." Of course he can only redeem his promise, not as Vice-President, but as President. But how is this change of position to be effected if he should be elected?

The only practical suggestion we have found, which might be suspected of bearing on this point, is in the Mobile *Tribune*, which says: "The democratic party will rise in its might, and *the dagger of Brutus may aid* in accomplishing our redemption from radical rule, ruin and usurpation." Brutus stabbed Cæsar. Who is the *Tribune's* Cæsar? Certainly not Mr. Johnson; for the accession of Mr. Wade is not the redemption it desires. Not General Grant; for Mr. Colfax is open to equally serious objections.

To understand this, we must remember that Brutus stabbed his best friend, whom he loved; "Not that he loved Cæsar less, but that he loved Rome more," It would seem, therefore, that the *Tribune* must mean, in this highly metaphorical passage, to indicate Seymour by Cæsar, a slight change of name, and Blair by Brutus—both B's; insinuating that Blair loves Seymour greatly, but the presidency more.—We must resent any such imputation on the character of Mr. Blair, as wholly unjustified by his letter and his well known character. But if there be any such designs harbored in the *Tribune* office or elsewhere against Mr. Seymour, he ought to be warned in time.

Perhaps they may have some other Brutus in reserve.—*N. Y. Post.*

NEWS OF NEIGHBORING COUNTIES.

CUMBERLAND.—A little daughter of D. N. Rankin of Allegheny City, about 3 years old, was recently killed in Shippensburg, by falling from an attic window to the floor below. It appears the attic or chamber was covered with muslin, and the child, unknown to its mother, reached the opening and fell through. In its descent it struck the sawmakers on the second floor, falling thence, striking its head upon the lower floor.—Mr. Samuel Hughes of Landisburg, Perry, about fifty years of age, was recently killed in Mechanicsburg at Bricker's Mill. A large quantity of stone had been carried upon the scaffold a considerable distance from the ground, and all the workmen, excepting Mr. Samuel Hughes, had left that portion of the building, when he, venturing upon that portion of the scaffolding loaded with the stone, it suddenly gave way, precipitating him with the heavy weight of stone to the ground, numbers of large stone falling upon him, killing him instantly. It is said by those who saw him afterward, that his body was terribly mutilated, one large stone striking him in the stomach, another in the head, and others in various parts of his body.

FRANKLIN.—Citizens of Waynesboro' of both parties have addressed a letter to the two candidates for Congress, requesting them to have a joint discussion at that point some day in September.—The colored folks of the Wesleyan M. E. church intend to hold a camp meeting on the ground of Henry Mentzer, about one mile north of Fayetteville, commencing on Wednesday the 9th inst.—The Presbyterian church in Chambersburg is closed for repairs, and services are held in Repository Hall.—The Franklin railroad is to be extended from Hagerstown to Williamsport (six miles); and proposals for work are to be received till September 19th.—The citizens of Greencastle are trying to secure the location of a Female College proposed to be established by the Presbyterians.

FULTON.—The Presbyterian churches of McConnellsburg and Green Hill have called Rev. Stephen W. Pomeroy as their Pastor, and it is believed he will accept.—Benjamin Stevens of Taylor twp. narrowly escaped death recently. He was digging a well, on which work was suspended for several days. When he went down, he was overcome with the accumulated gas, and fell back insensible. He was released and restored.—The Republicans of Fulton have nominated for Sheriff D. S. Mellott, of Licking Creek; Treasurer, Alfred Greathead, of McConnellsburg; Commissioner, Andrew Fisher, of Taylor; Auditor, Wm. Cunningham, of Wells; County Surveyor, Oliver Turney, of Brush Creek.—Five new School houses have been built in the last year—one in Ayr, one in Belfast and three in Taylor township.

YORK.—Samuel B. Helges has resigned as county Superintendent of Common Schools, to take effect October 1st.—Many fine houses are in the course of erection in York.—The *Spectator* says that a number of new buildings are in progress of erection at present in Hanover. Mr. Wm. Young has put up a fine two-story brick residence on Abbottstown street. Mr. Reuben Young is erecting a beautiful two-story brick house on Carlisle street. Mr. Carl Forney is also building a fine two-story brick residence on Frederick street. Mr. Jeremiah Stahl has erected a two-story house on Carlisle str eet. Mr. John Flickinger is about finishing a very fine two-story brick dwelling on York street.—Patrick McGuigan, an old school teacher of York, died last week, much regretted.—The fever in York is said to be abating, and the deaths for August are less numerous than in the same month for several years. Less than one hundred cases are said to be now under treatment.—The County Tax in York county is *seven* mills, while in Lancaster it is but *three* mills; No one knows what the County debt is; but everybody knows that it is enormous and increasing. Democratic rule is always expensive.

Special Notice.

A DDRESS TO THE NERVOUS AND DEBILITATED, whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable: If you are suffering, or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or ropey, or is it ropy on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel dull, listless, moping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself as society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, or palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any other meanness about them. I do not mean those who keep the organs inflated by running to excess. These will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly-cured diseases, from the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—idiocy, lunacy, paralysis, spinal affection, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all the right sins.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our food and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmbold's Extract Buchu, established upward of 18 years, prepared by H. T. HELMBOLD, Druggist, 594 New York, and 104 South 10th street, Philadelphia, Pa. Price—$1.25 per bottle, or 6 bottles for $6.50, delivered to any address. Sold by all Druggists everywhere.

RAILROAD MEETING.—A meeting of all interested in the building of the Emmittsburg Railroad, will be held at the Western Maryland Railroad Hotel, in Emmittsburg, to-morrow, September 5th, at 2 o'clock, P. M.

EXPLANATION.—It is due to the P. M. at Fairfield, as also to some of our subscribers at that place, to say that the failure of some of our papers to reach Fairfield on Friday last, was because of a package being missent from this office.

RACE.—The race on Saturday afternoon last, between "Cashier," owned by Dr. T. T. TATE, of this place, and "Lady Jane," owned by F. RAHTER, of Philadelphia, came off at Hartzell's lane—stakes $200. "Cashier" won the race handsomely, coming in about 30 feet ahead.

IMPROVEMENT.—A. D. BUEHLER, has made a decided improvement in his Drug and Book Store, in this place, internally and externally, having put in a handsome open front, with costly show cases, &c. Few Drug Stores can be found out-side of the cities superior to it.

A CURIOSITY.—Mr. ELIAS SHEADS has left at this office a branch of a Concord Grape, grown in the vineyard near this place this season, which, by a singular freak of nature, has a development resembling a small apple, or rather un-bullet hickory nut, about one inch in diameter, growing where a bunch of grapes should be.

AFFIRMED.—The Supreme Court has affirmed the case of Peter Diehl vs. The Adams County Mutual Fire Insurance Company. The verdict of the Court below was for the Defendant, on the ground that the Policy had been voided by the erection of a steam engine in connexion with the Tannery, without the consent of the Company. The Plaintiff appealed to the Supreme Court, which sustains the ruling of Judge FISHER.

ACADEMIC.—Rev. J. B. VAN METER, of the Methodist Church in this place, has accepted the Principalship of the Female Collegiate and Male Academic Institutions at Westminster Md., succeeding Rev. D. A. MUNROE, who takes charge of a Seminary in the North. Mr. Van Meter, during his brief ministration in this place, has made a very favorable impression, and his removal will be deeply regretted by numerous friends.

GRANT AND COLFAX CLUB.—The Grant and Colfax Club of this place is in successful operation, holding a meeting every Friday evening, in the hall above the "STAR AND SENTINEL" office. Lieut. WM. R. EYSTER addressed the Club on the evening of the 21st ult., and A. J. COVER, Esq., last Friday evening. The Club meets again to-night. The Hall is open every Friday night, and the Executive Committee propose to have one or more speeches at every meeting. The friends of GRANT and COLFAX of the Borough and neighborhood will find these Club meetings pleasant and profitable. Let there be a full turn out at every meeting.

CHANGE IN MAIL ROUTE.—Citizens along the mail route between this place and Westminister and Chambersburg, will be glad to learn that the P. Office Department has changed the present unsatisfactory mail schedule on those routes. Our colleague, M. MCPHERSON, while in Washington last week, called at the Department and succeeded in getting an order to restore the old service. In future the mails will be carried on the following schedule:

TORN DOWN.—The brick School House, which for many years has stood at the intersection of the Mummasburg, Bendersville, and Harrisburg roads, on Carlisle street, as one of the old "land-marks" of the town, was torn down during the present week. It was built in 1832, before the establishment of the Common School system, by some of our then prominent citizens for educational purposes. We have before us the original subscription, now in possession of D. WILLS, Esq., in the hand writing of Esq., GARVIN, which reads as follows:

Sept. 28, 1832.

We the subscribers agree to pay to a Treasurer hereafter to be appointed by us $25 for each share of stock subscribed by us for the purpose of erecting a School House in the Borough of Gettysburg, to be occupied as an English School, and rented to the most approved Teacher at a sum not exceeding 7 per cent. on the original cost or capital invested.

S. Fahnestock,	

It will be noticed that all but five of the original subscribers are now dead. By subsequent articles of association, also before us, it would seem that the stockholders contemplated the establishment of an academical school, as the building was to be known as the "Gettysburg Male Academy." This purpose, doubtless, was changed by reason of the establishment of an Academy shortly after under the auspices of the Theological Seminary, which developed into Pennsylvania College.—The building, however, was occupied for a number of years for educational purposes, until the School Directors of the Borough built the present School building, and has since been occupied for various mechanical purposes. The title to the building, by assignment of shares, sale, &c., became vested in Mr. JOSEPH WIDLE, who has taken it down, intending shortly to put up several dwellings on the lot.

NEW JOB PRESS.—We have receive our new Gordon Card Press, and are now prepared to turn out Cards and Circulars of all kinds, Letter Heads, Bill Heads, Checks, Tickets, &c., in PLAIN and FANCY colors, in the best style, at low rates, and on short notice. Give us a call.

COLORED CAMP-MEETING.—The Camp Meeting of the colored people in Wolf's Grove near this place, during the past week, was very largely attended. On Sunday last, during the morning, afternoon and evening services, the crowd in attendance was very large, the number being variously estimated at from 3,000 to 6,000, mostly white people. The attendance during the week day services, especially in the evening, has also been large. The grounds were well laid out, with good seats capable of accommodating 1500 or 2,000 people, the camp well lighted up at night, and every thing seemed to be admirable conducted. We doubt whether any similar number of people have been drawn together, with such remarkable exemption from disorder, confusion and improper conduct. Colored people have been in attendance from Maryland, and adjoining counties of Pennsylvania, while numbers of white people have been regular attendants on the services, most of them doubtless attracted by curiosity and a desire to hear the preaching of the colored ministers, some of whom evince very considerable pulpit capacity. We had the pleasure of hearing two sermons by Bishop JONES, which, in clear analysis, logical development, and earnest, impressive delivery, would compare favorable with the efforts of many reputable and educated Ministers of the Gospel.

The colored people were fortunate in securing the services of some of their best preachers. Among those on the ground were Rev. DAVID STEVENS, of Harrisburg, Bishop T. M. JONES, of Washington; Bishop J. J. MOORE, of Washington; Bishop J. J. Brooks, of Connecticut; Rev. JAMES REESE, of York; Rev. JAMES S. WILSON, of Chambersburg; and Rev. HENRY BUTLER, of Baltimore. The Camp was under the control of Rev. Mr. STEVENS, the minister in charge of this circuit. The meetings closed on Wednesday last.

On Sunday afternoon, Bishop JONES delivered an able and eloquent sermon, in the course of which he undertook to develope the idea that the true standard of all governmental policy is to be found in the eternal principles laid down by God in his inspired word—that these principles were perfect, comprehensive and unchangeable—that as nations adhered to these principles they accomplished most perfectly the ends of true government, and in proportion as they deviated from them, they departed from the true standard, reaping the fruits in social and national disorder, troubles, crime, wrong, and ruin. At the close he made an eloquent allusion to the obligations of the country to THADDEUS STEVENS for his lifelong devotion to the cause of the oppressed and down-trodden,—venturing the prediction that, however men might now differ in their estimate of his character and his services, the time would come, after the prejudice and passion of the present hour, when his services would be appreciated, his memory be revered, and his name be written in history as one of the great men of the Republic. It was a warm, glowing tribute on behalf of the colored race to their steadfast friend; and as such was favorable accepted by liberal men of all parties.

At the close of Bishop JONE's sermon, Gen. CHARLES H. HOWARD, (brother of Maj. General HOWARD,) who is at the head of the Freedmen's Bureau in Maryland, addressed the audience in explanation of the practical operations of the Bureau, which aimed at the moral and intellectual elevation of the colored race, but depended largely on the benevolence of Northern Christians and philanthopists for the means to carry forward the work.

THANKS.—We are requested by Rev. Mr. STEVENS, in charge of the colored Camp-meeting, to express the grateful acknowledgments of himself and brethren of the white people who have honored the Camp with their presence, for the marked good behaviour which has obtained throughout the meetings, and for the encouragement given in numerous acts of courtesy and liberal contributions to defray the large expense incurred in preparing the grounds.

NEW OXFORD.—We copy from the Hanover *Citizen* of this week, the following items respecting this thriving village:

In visiting New Oxford the other day, we were somewhat astonished at the improvements that are going on in that beautiful village. Among the new buildings that have been and are now about erecting this season, we would mention a two story frame house by Mr. Z. Hersh—a two story frame house by Mr. H. Hagerman—a two story brick house, and an office by Dr. M'Clure—a two story frame dwelling by Mr. Miller—a large two story frame house by Mr. Daniel Miller, into which he intends to remove his Drug Store—Miss A. Myers, a one and a half story frame dwelling house —Mr. Martin Holtzen, a one and a half story frame house. Mr. Stadler has put an addition to his dwelling. Mr. Swartz has also added an addition to his store room,—David Heke has added an addition to the backbuilding of his dwelling. Miss E. Miller has also repaired her house and added considerable to its appearance. Mr. John Zouck has also constructed a new switch on the railroad and erected nine buildings for an office for a lumber and coal yard, and Mr. A. Sheely has started quite an extensive lumber and coal yard on the same. Before the railroad, this village consisted of but few houses and a tavern and store, for many years. Now it numbers five good dry goods stores, two tailor shops, four shoemakers, two blacksmiths, two millinners and two dressmakers, four physicians, two taverns, four restaurants, two forwarding and commission warehouses, five carpenters, four churches, one drug store, a post office, three or four flour and grist mills within a few miles of the village, a machine shop and steam mill, a land agency. Besides these new improvements, four or five others contemplate putting up dwellings this fall. The proprietor of the machine shop and steam saw mill, Mr. Jacob Stuck, is doing a good business, and we have been told that he intends enlargeing it by spring. The location of New Oxford is a good one for an excesuive machine shop, being surrounded by a fine and productive country.

"A PICTURE OF THE DESOLATED STATES; and the work of Restoration.—1865-68. By J. T. Trowbridge, Hartford, Conn.: L. Stebbins."

We have received from the Publisher an advance copy of this volume, which we can commend as of rare interest and value.—The writer made a tour of the country, from Gettysburg to New Orleans and over the entire South, and has embodied in the volume the results of his observations. There are several very handsome illustrations; but the value of the work is in the information it gives of the condition of the industry of the South, of its politics, and of its general prospects. The closing chapter is a summary of the Impeachment, and is illustrated by an excellent picture of the Senate in session as a Court. The publisher desires agents, and the book will be sold only by subscription.

BUILDING LUMBER, &c.—The attention of Farmers, Builders, Contractors, and others, is invited to the large assortment of LUMBER of all kinds suitable for building purposes, to be found at Col. C. H. BUEHLER's Lumber Yard, at corner of Carlisle street and Railroad depot, including Boards, Planks, Flooring, Siding, Laths, Pickets, Shingles, &c.—Also Posts, hewed and sawed, with prime Fencing Boards, white Pine and Hemlock. His stock is not only large, but his arrangements are such that he can sell at the very lowest cash rates. Also, constantly on hands Black-smith, Lime-Burners' and Stove COAL. tf

GETTYSBURG A WATERING PLACE.

The Hotel Project—The duty of our Citizens—Importance of the Enterprize.

The nation has decided that the Gettysburg Spring shall be a Watering place, and it only remains for the people of Gettysburg to decide whether they will help to make it such, or allow that to be done by strangers.

This Spring has come to be the great attraction of the town of Gettysburg, rivalling that of the surrounding battle-field.

Already the expenditures at the Spring exercise an influence on the town and adjoining country, and should a large Summer Hotel or a number of them be erected around the Spring as the nucleus of a Watering place, they will draw a sufficient number of Summer visitors annually to Gettysburg to fill not only the Spring Hotels proper, but the Hotels and even the houses of the people of the town and country around.

The marvelous and unprecedented success of the Gettysburg water has virtually decided this much, as is abundantly manifested in the enquiries, by letters, of spring-goers in every part of the country for Hotel accommodations here during the present season, and in the rush of visitors in quest of such accommodations. Should the trade in Mineral Waters increase as it has done, and seems likely to do for several years to come, the patronage and disbursements arising from this spring cannot fall short of a million of dollars per annum.

Is it well that this vast patronage, wealth, and power developing on the borders of our town, should pass from the reach of our citizens? This is a question which is beginning to be thought over with some seriousness by all classes of this community.—The watering place at Bedford was established and has been managed by its own citizens, with the aid, it is true, of foreign capital. The people of Bedford were further protected by a grant from the original owner and discoverer of the Bedford Spring securing to them the use of the water free of charge. The watering place at Saratoga was also founded by residents of the town, and the town has grown up around the Springs. Recently however the Springs there have become separated from the Hotels, and strangers have obtained the control of the former. The result is that the proprietors of the largest Hotels there are dependent on the spring owners. The latter can blast the prospects of any Hotel in the place by any order of exclusion of guests from the spring, or ruin any other business establishment by discriminations against it.

At Gettysburg the condition of things is reversed, the springs are situated outside the Corporation limits, the land around is owned by the Spring Company or by the proprietor, and the greater reason why our citizens should secure the future interests of the town. This may be done by their subscribing the majority of the stock necessary to erect and control the spring Hotels.

An opportunity for doing this will, I understand, soon be offered to the citizens of Gettysburg by the Proprietor of the spring who still retains the Hotel rights. The "Gettysburg Lithia Springs Association" was organized for the purpose of building this Hotel several years ago, under a Charter obtained from the Pennsylvania Legislature. A portion of the stock was subscribed at that time, and it only wants the subscription of Fifteen Thousand Dollars more to enable it, in pursuance of the Act of Assembly, to enter into contract for Hotel rights and to commence the erection of a building. An effort, I understand, is to be made to have the balance of the stock taken, and if successful to commence the Hotel work immediately. If this effort fails, New York Capitalists stand ready to furnish the capital necessary to erect this Hotel and will probably be allowed to do so on their own terms.

That this stock will be a safe and paying investment, need not be argued, since it is admitted by The world confirms expectation amongst us. As every man and woman in Gettysburg is equally interested in not only making it a watering place, but in participating in the advantages accruing therefrom, they may safely subscribe for this stock, for as soon as it is insured it will be worth its face in any market and the holders can pledge it and raise the money if necessary to pay their subscriptions. Does any one doubt this? Let him look at the history of the developments of the Gettysburg Spring, and of the Saratoga Springs and be convinced. But a few years ago, after the extraordinary curative virtues of the Gettysburg waters were manifested to every body in Gettysburg, the curious and the ignorant still croaked. The water was carried abroad and tried in other places with like results, but still the same persons here continued to croak. Foreign capitalists, however, realizing the growing reputation of the Gettysburg water, stand ready to invest.

Even Saratoga has become alarmed, not only for the supremacy of its watering place, but for its monopoly of the universal water trade of the United States. Saratoga Hotel keepers frankly admit that all that is wanting at Gettysburg is suitable Hotels in order that it shall rival Saratoga as an inland Summer resort. And we know the effect upon the prices of Real Estate at Saratoga of the development of its springs and watering place. It was a fabulous advance in the price of town lots and an advance in rates of Real estate of the surrounding country from thirty to one thousand dollars per acre. Let our citizens look at this matter, and act promptly for their own interests.

ANOTHER GRANT & COLFAX CLUB.

YORK SPRINGS DISTRICT ALIVE!

PETERSBURG, Y. S., Aug. 31, 1868.

Last evening quite a number of the loyal citizens met in this place and organized a Grant and Colfax Club. The meeting was well attended and enthusiastic, and was composed of many of the most respectable and influential voters in the District.—Similar Clubs are springing up in adjoining townships all around, us, just as the companies and regiments were filled up by the "Boys in Blue" when their country called them to its defence. The people seem to realize the real issues, and no time, cost, or labor will be spared to frustrate the wicked designs of the opposition. The following persons have been elected as permanent officers of the Club:

President—R. W. Sadler.
Vice-Presidents—D. Diller, M. D., Wm. A. Fickel.
Recording Secretary—Dr. G. A. Uhler.
Cor. Secretary—S. J. Koontz.
Treasurer—A. H. Rhoads.
Executive Committee—Gen. W. W. Stewart, J. C. Brandon, W. T. Jobe, Jerrie Shelly, T. D. Reed, Alfred Miller, H. W. Becker.

750 MILES

OF THE

UNION PACIFIC RAILROAD

Are now finished and in operation. Although this road is built with great rapidity, the work is thoroughly done, and is pronounced by the United States Commissioners to be first-class in every respect, before it is accepted, and before any bonds can be issued upon it.

Rapidity and excellence of construction have been secured by a complete division of labor, and by distributing the twenty thousand men employed along the line for long distances at once. It is now probable that the

Whole Line to the PACIFIC will be Completed in 1869.

The Company have ample means of which the Government grants the right of way, and all necessary timber and other materials found along the line of its operations; also 12,800 acres of land to the mile, taken in alternate sections on each side of its road; also United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built, for which it takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c.

THE EARNINGS OF THE UNION PACIFIC RAILROAD, from its Way or Local Business only, during the year ending June 30th, 1868, amounted to over

FOUR MILLION DOLLARS,

which, after paying all expenses was much more than sufficient to pay the interest upon its Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

First Mortgage Bonds

upon such a property, costing nearly three times their amount,

ARE ENTIRELY SECURE

The Union Pacific Bonds run thirty years, are for $1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July at the Company's office in the City of New York, at the rate of six per cent. in gold. The principal is payable in gold at maturity. The price is 102, and at the present rate of gold, they pay a liberal income on the first cost.

A very important consideration in determining the value of these bonds is *the length of time they have to run.*

It is well known that a long bond always commands a much higher price than a short one. It is safe to assume that during the present country years, the rate of interest in the United States will decline as it has done in Europe, and we have a right to expect that each six per cent. securities as these will be held at as high a premium as those of this Government, which, in 1867, were bought at from 20 to 25 per cent. above par. The export demand also may produce this result, and as the issue of a private corporation, they are beyond the reach of political action.

The Company believe that their Bonds, at the present rate, are the cheapest security in the market, and the right to withdraw them at any time is reserved. Subscriptions will be received in

FIRST NATIONAL BANK and
GETTYSBURG NATIONAL BANK,

and in New York

AT THE COMPANY'S OFFICE, NO. 20 NASSAU ST.,

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information that is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices or to any of the advertised agents.

The Star and Sentinel.

Gettysburg, Friday, Sept. 4, 1868.

CORRESPONDENCE.

Letter from Tennessee—The Ku-Klux Klan—Democracy and the Negro—Grant the hope of the South

MEMPHIS, TENN., AUG., 18, 1868.

EDITORS OF "STAR & SENTINEL":—Enclosed find $2 to renew my subscription to your valuable paper. I cannot think of doing without it. I have been a soldier and am not disposed to surrender to the blatant Rebels who but yesterday endeavored to destroy the Government, and who to-day are as defiant in their treasonable utterances as ever. The only safety for the Union men of the South is in the election of Gen. GRANT. Your paper comes to me as "a bright and shining light," in this city, where we are compelled to listen to the treasonable utterances of such papers as the "Avalanch" and "Appeal." I send your copies of both, that you may see what "Democracy" is down here.

I also enclose you a communication, from Col. WM. H. FITCH, published in to-day's "Bulletin," which, if not too long, you might copy, for the benefit of your Northern Democrats, who discredit the existence of the murderous and lawless organization known as Kux-klux. Colonel FITCH is a well known resident of this city—Republican Presidential Elector for the 8th district—and no man in this community would dare to question his veracity. It is the habit of the Rebel Press down here, when some one or other of the more glaring atrocities of these Ku-Klux come to light, to gloss over the outrage by charging some groundless offence against the victim and allege the murder to have been the action of an indignant mob or the result of personal grievance—all this to cover up the tracks of the Ku-Klux. A few days ago they hung a negro near Athens, and the Nashville Banner promptly comes out with the common story of "rape," "outraged honor avenged," &c.—It so happens that Col. FITCH was a passenger on the train as it passed through Athens, when the Ku-Klux boarded it in full regalia, and he thus describes their appearance:

"I was a passenger on the Tuesday evening train, 16th inst., from Decatur, Ala., to Nashville. The train on stopping at Athens, Ala., at 10:30 p.m., was boarded by an armed band of men masked and otherwise uniformed. Five of them were in the car in which I was seated. One remained at the rear door, where they entered; four of them passed through and one of them returned through the car, leaving it by the same door they came in, thus passing twice through the same car. They asked but one question, and that was, 'Is Brownlow in this car?' This they repeated frequently.

I have stated that five were in the car I was in. The conductor, in reply to my question, 'how many were there in the party,' replied, 'about thirty, I should think.'

I confess that up to this time I never for a moment believed in the actual existence of an organized band of Ku-klux. 'Seeing is believing.' I was wrong in the past.—Now the fact was well known to all the passengers, to the officers of the train and employees of the railroad company. Why should the Banner try to suppress the truth? Why not admit and deplore it, as all good men must.

For the information of the curious, I will describe the fantastic dress of these assassins: They wore long gowns, reaching quite to the feet, rather loosely drawn in about the waist by a belt of the same material as the dress, which was supplied with sleeves of the style of an ordinary shirt sleeve. From the neck there was a cowl or hood mask, completely enveloping the head and face. Small holes were perforated opposite the eyes and mouth of the wearer. The material of this *disguising* uniform was that of cotton cloth or muslin, in stripes of white and very dark blue, (as seen by the candle light,) possibly by daylight the stripes would be white and green. These stripes were alternately placed, and of about four inches in width, running from head to foot. The eye and mouth holes in the mask were covered with red binding. The belt around the waist was of about three inches width, equally divided by the colors of the suit. No other head dress was worn than the striped cowl above described. This seemed to be a part of the main dress, and that it was simply drawn in about the neck.—They carried each a large sized pistol, Colt's navy in size, in their right hands, which were cocked and capped ready for instant use, as they passed through the car."

The lawless outrages of this murderous clan have produced a reign of terror in many parts of the South, of which you have little conception. White and colored Unionists are driven from their homes, hunted down like dogs, and murdered in cold blood. Good citizens stand aghast, paralized by the boldness and extent of the crimes, and deterred from denouncing them, lest they bring down on their own heads the vengeance of the Ku-Klux.

In the papers which I send you will find a bitter, vindictive speech of Gen. Forrest of Fort Pillow massacre notority, delivered before the Democratic Convention at Brownsville, which will give you some idea of the treasonable spirit which characterizes the Democratic party in this region.

Up with you, I notice the Democracy go it strong on the "white man's government" policy. Down here their leaders are moving heaven and earth to secure the votes of negroes, professing to be their special friends. Colored Democratic orators, in the pay of these leaders, address "colored Democratic Clubs," and white and colored men mingle harmoniously in Democratic processions. The *Compiler* and other Copperhead papers North, I have no doubt, carefully withhold these facts from their readers.

God save the country from the rule of such a party! We all look to GRANT as our only hope. Yours

J. A. W.

In 1860 the Southern fire-eaters threatened rebellion if they failed. They now threaten revolution if they succeed.

THE POWER OF ELOCUTION.—Prof. Griffith, one of the foremost elocutionists in the country, recently appeared before a Quincy audience. Among other pieces he recited the well-known little poem "Twenty Years Ago." The poem introduces two friends and schoolmates, one of whom has been recently visiting the old homestead, schoolhouse and play grounds—and he gives his impressions to his friend. When the elocutionist reached the stanza following, the utterance was slow and thoughtful, as if trying to recall the name of the old play:

The boys were playing the same old game—
beneath that same old tree:
I—do—forget—the—name just now; you've
played the same with me—
On the same spot—'twas played with knives
by throwing—so—and—so—

As the speaker made gestures and motions describing the game, an old gentleman in the back part of the house arose, and said distinctly, "Mumbley peg." It was so real to the old man that he thought he would help him out of his difficulty by suggesting the name. Of course it brought down the house.

J. H. SHIREMAN'S

REAPERS & MOWERS.

HAVING been agent for this machine last season, I also offer it to the farmer this season. It is well known, having taken the premium at the Bendersville Fair, and at the Gettysburg Mowing Match over seven others, which were considered splendid machines, and likewise at the Dillsburg Mowing Match. Having concluded not to offer any machine that will not give entire satisfaction, I have refused agencies of several other machines, and now offer this one as

THE GREAT MACHINE OF THE SEASON.

Having tried one myself, I know exactly what it will do. I could refer you to scores of farmers who have purchased machines of me, who are highly pleased and say this is the only machine they would use.

Extras always on hand, and repairing done here at my place. This is a great consideration—the machine can be repaired at home immediately, and with much less cost.

Another great saving is the BINDER which is attached to this celebrated Reaper and Mower. It has been thoroughly tried, and gives entire satisfaction—requiring no harvest hand except a driver. This Binder can also be attached to the Reapers which have been sold; but cannot be attached to any other machine except Shireman's.

I will here refer you to a few farmers, in different localities, who have bought and used these machines

Michael Fiscel, Stephen Gettler,
Moses Hartman, Mr. Sterner,
Joseph Wierman, Mr. Linn,
Ulrich Jacobs, J. R. Hershey
Jacob Hartman, H. Woodburn.
Jacob Lamar,

with others, too numerous to mention.

This machine has a self-rake, side delivery, and is warranted to do its work as above recommended.

Also on hand, SHIREMAN'S SELF-DISCHARGING HORSE RAKE, a first-rate article, which we will sell at the lowest possible price. Warranted to give satisfaction. Also the COLUMBIA RAKE always on hand.

Machines can be seen at my house, three miles south of Gettysburg, or at Mr. Conrad Snyder's Battlefield Hotel. LEWIS A. BUSHMAN,

THE GREAT

Conowago Phosphate.

PREPARED BY

C. W. BENSON, M, D.,

LITTLESTOWN, PA.

THE Conowago Phosphate is destined to stand at the head of American Fertilizers. It has already proved its SUPERIOR QUALITIES, and ample certificates of its high merits will soon be furnished to the public. The proprietors will spare no means or pains to make it a reliable and uniform article. It is superior to Peruvian Guano, because it is MORE LASTING IN ITS EFFECT and EQUAL TO IT ON THE FIRST CROP. It does not over-stimulate the soil, as most of the fertilizers in the market do, and leave the land after gathering the first crop in a worse condition than before using it, but it remains as a rich fertilizer in the soil, and continues year after year to show itself on every crop that is put in the land.

The Conowago Phosphate contains a large percentage of Ammonia and Phosphoric acid, which are essential elements to a vegetable food. They either enter directly into the plant or prepare the alkaline in the soil to do so. The base of the Conowago Phosphate PURE RAW BONE, completely and thoroughly dissolved without the use of any volatile agent.

One of the great advantages of the Conowago Phosphate is that it will effectively act in the soil and set the silica free to be absorbed by the growing plant, which is a very important ingredient in giving firmness and strength to the stalk and grain.—*It will prevent rust, falling and lodging of crops* that are forced up by a rank growth of straw, and will greatly facilitate *the ripening of the grain and secure it against the rust.*

Agencies are being established throughout the country wherever fertilizers are sold. We are not afraid to place it beside the best in the country.

Let all the farmers and planters makeup their minds that they will try the Great Conowago Phosphate this fall.

Price fifty Dollars per ton.

BENSON & MAUS, Proprietors.

☞The Conowago Phosphate being made very fine, and thoroughly disintegrated, makes it convenient to use in the drills, and does not mix freely with the soil. All farmers know the advantage of fine fertilizers. June 17, 1868.—tf

GEISER'S PATENT SELF-REGULATING

GRAIN SEPARATOR,

CLEANER AND BAGGER,

With the latest improved Triple-geared Horse Power, either Gear or Belt.

This machine has successfully competed with all the best of the different patented Grain Separators, and now has the reputation of being the best Separator ever produced, in Rapidity, Cleanliness and Ease of operation, and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, as the it is not half the trouble on a barn floor as a common thresher and shaker. It is also easily put in operation. It is simple, well managed, reliable, durable, compact and cleanly to work by while in operation, not making near the dust as the common machine or other Separators.

Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farm ers that are using them we must come to the conclusion that it is the very machine that farmers want.

The following are a few of the persons who have used this machine, well known, and to whom the public are referred for further information:

Wm. J. Peters, Flora Dale, Adams co., Penns.
Wm. Kohler, near New Oxford " "
John D. Pfoutz, " Gettysburg " "

THE GREAT CHOLERA PREVENTATIVE.

I.

X. 1866. L.

THE GREAT

Zingari Bitters.

THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago by Dr. S. Cheopsus, an eminent Egyptian physician.

He had long seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.

This great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was led to think and experiment; and after ten years' study and labor, he presented to his fellow-man the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease was so marvellous and astonishing, that the most flattering words of royal favor were bestowed upon him who discovered it.—His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. S. Cheopsus, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholera, both as a preventive and curative measure, and with such great success, that it has been introduced into nearly all the general hospitals of the old world.

The old saying that an ounce of prevention is worth a pound of cure, applies with marvellous force to cholera, and therefore any remedy that will protect us against this terrible disease should be freely and persistently used.

All pathologists now agree that the cholera poison acts on the system through the blood, and that any combination which acts on the secretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism. This is true not only of cholera, but of nearly all other maladies, especially the different forms of fever.

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, keeping up a perfect balance between them. This Bitters is composed entirely of roots and herbs,
